

As I sit and reminisce about West Hollywood days  
Going back in time to when it all began in this place  
Tears were streaming down and I was feeling so sad  
A 5 year kid who really missed my mom and dad

The very next year when I went to kindergarten  
Ms. Craig, she showed me how to work much harder  
Ms. Marsh Weiss made everything divine  
And Ms. Shirazi taught me for a second time

First grade, down in the bungalows  
With Ms. Pando my knowledge every day did grow  
Really overjoyed to have Ms. Libby in my life  
And thankful for Ms. Grech and all of her insight

Been spending most our lives livin' in our little paradise  
So grateful that we've had loving teachers who have shaped our lives  
Been spending most our lives livin' in our little paradise  
So grateful that we've had loving teachers who have shaped our lives

Look at the situation, a second grade team  
I can't thank them enough with every day like a dream  
Ms. Holgado, Chun, and Melzer, they put on a show  
That's exactly what I did at the Hall of Heroes

When third grade came around the stars aligned  
Ms. Jenkins was there and Ms. Pando one more time  
Every day Ms. Roxanna filled my heart with pride  
Ms. Acosta was cool, always ready with a red vine

Pali I remember like it happened yesterday  
The highlight for sure of my time in fourth grade  
Ms. Schaeffer and Ms. I, I was so blessed  
They helped me be my best

Tell me how have we been so lucky  
To be at this elementary

Been spending most our lives livin' in our little paradise  
So grateful that we've had loving teachers who have shaped our lives  
Been spending most our lives livin' in our little paradise  
So grateful that we've had loving teachers who have shaped our lives

TK is only just a heartbeat away  
I really can't believe that it's the end of fifth grade  
Thanks to Covid there's so much I didn't do  
Like go to Catalina cuz every day's on Zoom  
When life gives you lemons, you make lemonade  
And who better to serve it than the awesome Mr. Page

And let's not forgot about a teacher I adore  
Always in my heart I will remember Mr. Norr

Been spending most our lives livin' in our little paradise  
So grateful that we've had loving teachers who have shaped our lives  
Been spending most our lives livin' in our little paradise  
So grateful that we've had loving teachers who have shaped our lives

How have we been so lucky  
To be at this elementary  
Tell me how have we been so lucky  
To be at this elementary

It's been seven years what can I say  
Mom you've been my guide each day  
I know that you love me with all of your heart  
And are always there with loving arms

You always believed and taught me how to fly  
That I can be whomever I choose  
Through good times and bad you've always been the one  
There's something  
There is something that I must say to you

'Cause nothing compares  
Nothing compares to you

It's been so clear dad you lit the way  
You outshine the morning sun  
Lifted me up every time you saw me fallin'  
I'm so grateful, for everything you've done

I'm so prepared to move on and I can clearly see  
And that's all because of you  
I've come of age and you've been so very patient  
So very patient  
I realize the rainbows in my life are there entirely because of what you do  
I say to you

'Cause nothing compares  
Nothing compares to you

All the flowers that you planted, mama, are kept in my heart  
You know I'm in a really good place  
I know that the foundation, daddy, is very strong  
I think I'm ready to face whatever awaits

Nothing compares  
Nothing compares to you  
Nothing compares  
Nothing compares to you  
Nothing compares  
Nothing compares to you

Graduation's come  
Our time at WeHo's done  
Seven years all through  
We must move on

Start again  
Much for us to do  
Eyes looking ahead  
Not the rearview

So West Hollywood I thank you for being my family  
Cherished the moments I'm so grateful to you  
And though a new adventures awaiting me off at my middle school  
You will always be with me  
I'm forever yours  
Faithfully

Won't go away  
We will still be friends  
Hear me when I say  
It will go on

We'll be apart  
But just a call away  
Our tomorrows will be like  
Our yesterdays

And being apart ain't ever gonna break the bonds we've formed  
The friends that I've made I know I'm never going to lose  
I get the joy of rediscovering you  
You will always be with me  
I'm forever yours  
Faithfully

Faithfully  
I'm still yours

I'm forever yours  
Ever yours  
Faithfully

I'm graduating mom the only reason's because of your love  
You've been my guide I really hope you're proud of everything I've done

You were there to believe  
With all your heart  
You wrapped me up  
In loving arms  
When I asked why  
You'd always reply  
I'm thankful that you gave me wings and taught me to fly

I'm so grateful  
For what you've done  
Good and bad times  
You got me through it all  
I've come of age now  
And thanks to your love  
In my heart I know I'm ready for what is next to come

I'm graduating dad the only reason's because of your love  
You've been my guide I really hope you're proud of everything I've done

You were there to inspire  
You shone like the sun  
Whenever I fell  
You lifted me up  
You taught me to be  
Whomever I choose  
The rainbows in my life are all there because of you

I'm so grateful  
For what you've done  
Good and bad times  
You got me through it all  
I've come of age now  
And thanks to your love  
In my heart I know I'm ready for what is next to come

And all of the flowers you planted are safely kept  
Forever in my heart  
The foundation is strong and it's time to move on

And I'm so grateful  
For what you've done  
Good and bad times  
You got me through it all

I've come of age now  
And thanks to your love  
In my heart I know I'm ready for what is next to come
